## Fire District receives safety award

The Frederick-Firestone Fire Protection District has been presented with a Life Safety Achievement Award for 2007 by the Residential Fire Safety Institute (RFSI).

For 15 years, the Life Safety Achievement Award has recognized the local fire prevention activities that contributed to

reducing the number of lives lost in residential fires. The Frederick-Firestone Fire Protection District qualified for this award in 2007 because it recorded zero fire deaths in structures that year. A total of 745 fire departments received the 2007 Life Safety Achievement Award.
