

## In the Community

Frederick-Firestone Fire District crews and the District's community outreach team have been working together to provide the community with information about what we are doing here at the District. Videos have included tours and information about new apparatus, trainings, and protocols. Above is a photo that was taken during a recent video about the District's new water tender. To view these videos, please visit the ***District's YouTube Channel***.

Here is the latest news from your Fire District.

---

### Have Fun, Be Safe

While fireworks often mark special events and holidays, the

safest way to view them is at a professional show. If you are not going to join the Town of Firestone for the fireworks display, please consider celebrating without fireworks this year.

you do purchase fireworks remember if it leaves the ground or explodes it probably is not legal in Colorado. To better understand what is legal, please visit the ***Colorado Division of Fire Prevention & Control's website.***

Here are some fun ways to celebrate the 4th without fireworks:

- Light up with glow sticks.
- Have an outdoor movie night.
- Bake a cake for America's birthday.
- Make a statement with noise makers.
- Have fun with red, white and blue silly string.
- But most importantly, celebrate safely!

For more information on fireworks safety, please visit the ***National Fire Protection Association.***

## Town Events

While events might look a little different this year, some of them are still happening. Check out the upcoming events at the ***Town of Firestone*** and the ***Town of Frederick.*** Both have events happening tonight, Friday, June 26th!
